Delivering Real Success®

Focused and detail oriented, HTS New York was built upon the premise of getting back to heating and cooling specialization. We strive to be experts in vertical markets that fit our HVAC solution skill sets and technical backgrounds. This gives our clients the confidence that partnering with us to build energy efficient systems will produce the success they expect when working with HTS New York.

Custom & Modular Air Handling Systems

- Low Casing Leakage, High Thermal Performance
- Unique Footprint
- Sound Sensitive Applications
- Desiccant Dehumidification
- Energy Recovery Units

Packaged DX Systems

- Air Cooled, Water Cooled, Evaporative Cooled
- 100% Outside Air DX Applications
- High Efficiency, Energy Star Qualified RTU's
- Individual 15HP Compressor Circuits
- Energy Recovery Units
- Natatorium Dehumidification

Residential, Hotel, & Commercial Unitary Products

- Vertical Stacked Heat Pumps
- VRF Heat Pump / Heat Recovery Systems
- Fan Coil Systems
- Valence Systems (Dormitories)
- Horizontal Heat Pumps
- Sound Sensitive Installations
- Humidification and Evaporative Cooling Systems

Commercial Products by 

Pre-Packaged Chiller, Boiler, & Condenser Water Plants

- Turn Key, Single Source Solutions
- Integration of Preferred Equipment Manufacturers
- Custom Design & Integration

Modular Chiller Solutions

- Water Cooled or Air Cooled
- Free Cooling Modules
- Integral Pumping Packages

Energy Recovery & Fan Solutions

- Heat Pipes, Energy Recovery Wheels, Fixed Plates
- EC Fan Array & Low Sound (Acoustic) Fan Solutions
- High Plume Dilution Nozzles & Laboratory Exhaust Systems

Humidification Solutions

- Reduce Capital Costs
- High Pressure Atomizing Systems
- Optimize Efficiency
- Evaporative Cooling Systems

Parts and Services

HTS Parts

The HTS Parts Department provides our Metro NY-area customers with unparalleled customer service and support for the dozens of manufacturers and hundreds of parts we proudly represent.

HTS Service
