1) CHILLERS - Air-cooled and water-cooled packaged and modular chillers for commercial HVAC and industrial process cooling applications. Thermal Storage

2) HTS CONTROLS - Supply and installation of DDC controls packages for commercial, residential and industrial process markets. Building pressure monitoring and control. Variable Speed Drive motor controls

3) CUSTOM AIR HANDLING - Air handling units for indoor and outdoor applications. Heating, cooling, humidity control, energy recovery and ventilation

4) PACKAGED ROOFTOP HVAC - Air and evaporative cooled heating and cooling units with humidity controls in VAV and constant volume. Capacity range of 5 to 250 tons

5) CHILLER / BOILER PACKAGES - Design, and manufacture of custom heat transfer packages including pump stations, heating, cooling and data center applications. Central heat and power plants

6) HUMIDITY CONTROL - Custom desiccant and refrigerant dehumidification packages. Steam, electric and gas powered generators available with duct and open area distributors. Pool dehumidifiers

7) HEATING PRODUCTS - Air rotation units, steam infrared, Architectural hydronic products. Condensing boilers and DHW heaters.

8) HYDRONIC SYSTEMS - Filters for industrial and commercial water filtration applications. Commercial pumps, heat exchangers and hydronic components for heating and cooling systems

9) VENTILATION / FANS - Quality industrial and commercial fans and blowers. Architectural air dispersion and diffusion systems. Silencers and acoustic enclosures. Isolation and Seismic

10) ENERGY RECOVERY - Enthalpy Wheels and heat pipes

11) UNITARY AND TERMINAL SYSTEMS - Ductless mini split system, Unit ventilators, PTAC's, Heat pumps and Variable refrigerant volume systems with multiple evaporators for energy efficient retrofits and new construction applications. Chilled Beams and fan coils.

For Equipment, Parts, Service, Controls and Maintenance Contact Us 24/7 1-800-850-0567
### Refrigeration
- Condensers & Condensing Units
  - Daikin Applied
  - Call HTS
- Absorption Chillers
  - Daikin Applied
  - Daikin Applied
- Recip / Scroll / Screw Chillers
  - Daikin Applied
- Centrifugal Chillers
  - Daikin Applied
- Engine Driven Chillers
  - Tecogen
- Ice Harvesters
  - Turbo
- Thermal Storage
  - Fafco/Phasestor
- Pool Dehumidifiers
  - Dectron
- Water Filtration Systems
  - Lakos
- Modular Chillers
  - Arctic
- Custom Chillers
  - Arctic
- Process Chillers
  - Arctic
- Air Cooled Free Cooling & Heat Pump Chillers
  - Aermec

### Fans
- Centrifugal Fans
  - Cook
- Plenum Fans
  - Cook
- Axial Fans
  - Cook
- Propeller Fans
  - Cook
- In Line Fans
  - Cook
- Relief and Intake Vents
  - Cook
- Spun Aluminum Centrifugal Wall & Roof Exhausters
  - Cook
- Silencers
  - Vibro Acoustics
- Vibration & Seismic
  - Kinetics
- Quiet Plenum Fans
  - AcoustiFlo

### Terminal Units
- Packaged Terminal A/C Units
  - Applied Comfort
- Water & Ground Source Heat Pumps
  - Daikin Applied
- Fire, Smoke & Control Dampers
  - NCA
- HiRise Water Source Heat Pumps
  - Omega
- Fan Coil Units
  - Daikin Applied
- Custom Fan Coils
  - International
- VAV Boxes, Grilles & Diffusers
  - Metal Aire
- Fabric Ductwork
  - NanoSox
- Chilled Beams
  - TWA

### Fluid Handling
- Vertical In Line Pumps
  - Xylem/Sulzer
- Base Mounted Pumps
  - Xylem/Sulzer
- Booster Pumps
  - Xylem/Sulzer
- Fire Pumps
  - Xylem/Sulzer

### Heat Transfer
- Shell & Tube Heat Exchange
  - Xylem/Sulzer
- Plate & Frame Heat Exchange
  - Xylem/Sulzer

### Air Handling
- Modular Air Handling Units
  - Daikin Applied
- Custom Air Handling Units
  - Daikin Applied
- Compartment Units
  - Haakon / Daikin Applied
- Water Cooled Compartment Units
  - Daikin Applied
- Custom DX Packaged Units
  - Haakon / Ecotron
- Heating and Cooling Coils
  - Daikin Applied
- Wheels
  - Ecotron
